Mountain Mile. After **Guthrie's Memorial** you arrive at the **Mountain Mile**. It starts with a right hand kink. At racing speeds, the bikes are doing 180-190mph on the incline up the mile. The 28th Mile Marker is on the right. This picture is looking from **Guthrie's** south towards the **Mountain Mile** with **Snaefell** in the distance. **Mountain Box** also known as **East Mountain Gate** is at the end of the **Mountain Mile** and is seen to the right of the course in the picture below. There is parking for Marshals and Medics. Not accessible once road is closed except via Marshals' convoy from Ramsey
