Hillberry

This is a fast right hander at the end of the straight drop down from **Brandish**. There is a small grandstand on the left (course direction). Food and toilets are available. It is accessible from Onchan via School Road (the third left after The Manx Arms) and Little Mill Lane. The 36th Mile Marker is on the left, and **Glen Dhoo Campsite** is on the right as you head towards **Cronk-ny-Mona**. Having come downhill from **Brandish to Hillberry**, the road now goes up hill again.

Cronk-ny-Mona

After negotiating **Hillberry** the next corner is **Cronk-ny-Mona**. It is a fast left hander. Traditionally, when a rider passes **Cronk-ny-Mona**, a light above his number on the main scoreboard on Glencrutchery Road comes on, to let spectators there know that a rider will soon be with them. The Marshals' shelter is on the right. Easy access via Johnny Watterson's Lane, seen here running down the right of the houses.
